FOR IMMEDIATE RELEASE

US HIGHWAY 101 RESURFACING PROJECT THROUGH SAN LUIS OBISPO

SAN LUIS OBISPO – A project to resurface nine miles of US Highway 101 in both directions from South Higuera Street/Ontario Road to north of Reservoir Canyon Road will begin Tuesday, April 5.

Motorists will encounter lane closures during the **overnight hours Sunday night through Friday morning from 9 pm until 6 am**. Motorists can expect delays not to exceed ten minutes, but at least one highway lane will remain open at all times.

The contractor for this \$4.5 million project is Telfair Highway Technologies of McClelland, CA. It is expected to be complete in May, weather permitting. This project will extend the life of the pavement along this section of US Highway 101, similar to recent projects along the corridor from Shell Beach to Santa Margarita.

Caltrans reminds motorists to move over and slow down when driving through highway construction zones.

For traffic updates on other state highways in San Luis Obispo County, motorists may call Caltrans District 5 Public Affairs at 805-549-3318 or can visit our website at:
